

BioBox M

BioBox M is a portable enrollment solution for secure identity capture in any environment. Featuring the FBI-certified FIVE-0 scanner, it delivers compliant performance for law enforcement, border control, and enterprise needs. It packs the trusted capabilities of our best-selling BioBox Rugged into a sleek, mobile-first design.

- ✓ **All-in-One Portable Design** - single device, ideal for mobile and remote deployments
- ✓ **Fast Deployment** - operational within minutes
- ✓ **Offline Capability** - enrol anywhere, sync later
- ✓ **Multi-Biometric Capture** - 4-4-2 fingerprints, iris, and front, left, and right facial image capture
